

Environmental Policy Statement

Environmental Waste Management & Pollution Control

iStudio Projects Ltd recognises the importance of meeting there legal requirements and to manage its waste responsibly, reduce the volume of waste sent to landfill and maximise reuse and recycling where possible. Waste is unwanted materials, substances, equipment arising from commercial or industrial activities and includes: Building and demolition materials; Substances/chemicals (toxic or otherwise); Discarded or broken utensils or equipment; Contaminated soil, materials, plant etc.

iStudio Projects Ltd management shall identify potential waste disposal requirements of a project and make adequate provision to ensure its suitably managed disposal in accordance with The Controlled Waste Regulations 1992. Management shall determine the nature of the waste for disposal and shall ensure that suitable assessment is undertaken, that appropriate safe working procedures are devised and suitable containment of waste confirmed. Where undertaking removal of waste materials or products, management shall ensure that they are registered as a carrier in accordance with the Controlled Waste (The Controlled Waste (Registration of Carriers and Seizure of Vehicles) (Amendment) Regulations 1998) Where contract carriers, are to be engaged to remove the waste, management shall confirm those appointed are suitably registered to undertake the business and shall confirm the proposed method and location of disposal.

iStudio Projects Ltd shall:

- Ensure that waste management is performed in accordance with all waste legislative requirements, including the duty of care, and to plan for future legislative changes and to mitigate their effects.
- Minimise waste generation at source and facilitate repair, reuse and recycling over the disposal of wastes, where it is cost effective.
- To coordinate each activity within the waste management chain.
- Promote environmental awareness in order to increase and encourage waste minimisation, reuse and recycling.
- Ensure the safe handling and storage of wastes on site
- Provide appropriate training for staff, on waste management issues.
- Where the site waste is the responsibility of the principal contractor the company will cooperate with the site rules as applicable.
